

out of the box

Lallier Construction
is growing with
dedicated partnership
from Intuit

INTUIT
Enterprise Suite

Powered by  quickbooks +  mailchimp

About Lallier Construction

- \$14 million annual revenue
- Services used: Financial Management, Payroll, and Time
- Business objectives: Increase revenue 3x, become employee owned (ESOP)
- 4 entities, 76 employees

One difference between QuickBooks Online and Intuit Enterprise Suite is the level of expertise of customer support. They really understand the program well, and when we call in, we get really good help.

Why Lallier Construction chose Intuit Enterprise Suite

Dashboards with KPIs tailored to their business for quick insights

Operational reporting to measure different dimensions (variables) across divisions

Reduced time spent on 200 intercompany journal entries and reconciliations, from about 15 hours per week to about 6 hours

Added efficiencies in-product with less reliance on spreadsheets to support growth
